He declares that the time has passed for poor men who are speculators. While as a matter of course they are welcome, their "stakings" are similar to working a farm on shares—the other fellow gets the best.

MR. DOW'S MISFORTUNE.

Was Stricken With Paralysis While Seated at His Desk.

From Tuesday's Daily Sun.

While seated at his table writing a life insurance policy, W. E. Dow, one of the most prominent of the younger business men of Gainesville, was stricken with paralysis about 2 o'clock Monday afternoon, and later taken to his home, 109 West Court street, where he now lies in a helpless condition, his entire left side being rendered useless.

Letter to Benson & Son,
Gainesville, Fla.

Dear Sirs: Take a two-story house and reckon the costs with different paints; you will be surprised. Say the house has a total of 3210 square feet.

Divide by 300; you buy 11 gallons. That's the rule; but it never comes out so.

Buy any other paint than Devco, you will have to buy more, up to possibly 22 gallons. Paint Devco, and you'll have a gallon or two to return. Here are some experiences:

N. R. Watkins, Lott, Texas, used 13 gallons on his home before; bought 13 gallons Devco for same house and had 6 left.

C. B. Edwards, of Edwards & Broughton, printers, Raleigh, N. C., used 30 gallons paste paint on his house; bought 30 gallons Devco for same house and had 16 left. Go by the gallons.

Yours truly,
F. W. DAVIS & Co.
P. S.: The S. J. Thomas Co. sell our paint.
